

Rug Collection

CARE NOTES | REV 00

CLEAN

Vacuum your rug regularly. Ensure the cleaning bristle brushes are either disengaged or set to bare floor.

SPILLS

Act quickly with spills. Absorb the spill with a clean white cloth or paper towel. Never rub the surface. Do not use water or other liquids to clean, as they may cause stains. Consult a commercial cleaning specialist for removal of stubborn stains.

NOTE

Placing heavy or sharp objects on the rug surface for long periods of time can cause permanent surface indentations. For snags in the fabric, tuck loose threads into fabric or carefully push to reverse side. Never pull out or cut off loose threads.
